FOLLOW-UP COMPLIANCE INSPECTION PROCESS

ODO conducts biannual oversight inspections of ICE detention facilities with an average daily population (ADP) of 10 or more detainees, and where detainees are housed for longer than 72 hours, to assess compliance with ICE National Detention Standards. In FY 2021, to meet congressional requirements, ODO began conducting follow-up inspections at all over-72-hour ICE detention facilities with an ADP of 10 or more detainees that ODO conducted a full inspection of earlier in the FY. Follow-up inspections focus on facility compliance with detention standards that directly affect detainee life, health, safety, and/or well-being, and other standards ODO found deficient during the previous rated inspection to assess the facility's corrective actions taken to address those previously cited deficiencies.⁴

ODO identifies violations of ICE detention standards, ICE policies, or operational procedures, as "deficiencies." ODO highlights instances when the facility resolves deficiencies prior to completion of the ODO inspection. Where applicable, these corrective actions are annotated with "C" under the *Compliance Inspection Findings* section of this report.

While follow-up inspections are intended to focus on previously identified deficiencies, ODO will conduct a complete review of several core standards, which include but are not limited to Medical Care, Hunger Strikes, Suicide Prevention, Food Service, Environmental Health and Safety, Emergency Plans, Use of Force and Restraints/Use of Physical Control Measures and Restraints, Admission and Release, Classification, and Funds and Personal Property. ODO may decide to conduct a second full inspection of a facility in the same FY based on additional information obtained prior to ODO's arrival on-site. Factors ODO will consider when deciding to conduct a second full inspection will include the total number of deficiencies cited during the first inspection, the number of deficient standards found during the first inspection, the completion status of the first inspection's uniform corrective action plan (UCAP), and other information ODO obtains from internal and external sources ahead of the follow-up compliance inspection. Conditions found during the inspection may also lead ODO to assess new areas and identify new deficiencies or areas of concern should facility practices run contrary to ICE standards. Any areas found non-compliant during both the full and follow-up inspection are annotated as "Repeat Deficiencies" in this report.

⁴ ODO reviews the facility's compliance with selected standards in their entirety.

FINDINGS BY PERFORMANCE-BASED NATIONAL DETENTION STANDARDS 2011 (REVISED 2016) MAJOR CATEGORIES

PBNDs 2011 (Revised 2016) Standards Inspected ^{5,6}	Deficiencies
Part 1 - Safety	
Emergency Plans	0
Environmental Health and Safety	0

Telephone Access	0
Sub-Total	0
Part 6 - Justice	
Grievance System	0
Sub-Total	0
Total Deficiencies	0

⁵ For greater detail on ODO's findings, see the *Follow-up Compliance Inspection Findings* section of this report.

⁶ Beginning in FY 2024, ODO instituted a process of rotating all standards every other year. As a result, some standards may not be present in all inspections.

DETAINEE RELATIONS

ODO interviewed nine detainees who each voluntarily agreed to participate. ODO attempted to interview 21 additional detainees; however, all 21 detainees declined ODO's request for an interview. None of the detainees made allegations of discrimination, mistreatment, or abuse. All detainees reported satisfaction with facility services.

FOLLOW-UP COMPLIANCE INSPECTION FINDINGS

There were no findings during the inspection.

CONCLUSION

During this inspection, ODO assessed the facility's compliance with 18 standards under PBNDS 2011 (Revised 2016) and found the facility in compliance with all 18 standards. Since ACDC's last full inspection in January 2024, the facility has maintained a high-level of compliance with no found deficiencies. ODO did not require a UCAP because there were no deficiencies cited in the previous ODO inspection. ODO recommends ERO New Orleans continue to work with the facility and provide support in keeping the facility at a high-level of compliance.

Compliance Inspection Results Compared	FY 2024 Full Inspection (PBNDS 2011 Revised 2016)	FY 2024 Follow-Up Inspection (PBNDS 2011) Revised 2016)
Standards Reviewed	29	18
Deficient Standards	0	0
Overall Number of Deficiencies	0	0
Priority Component Deficiencies	0	0
Repeat Deficiencies	0	0
