Acting Director  
SUBJECT: Operation Predator Notices for Interpol

Purpose

This memorandum serves as follow-up to that message and establishes policy for future case preparation in regards to cases removed pursuant to Operation Predator.

Background

The location, apprehension and removal of Operation Predator violators continues to be a priority for Immigration and Customs Enforcement (ICE). It is ICE's intent to ensure that these predators do not prey upon others upon their return to their country of origin. (b)(7)(E)
